Dear Sir / Madam

RE: APPRECIATION LETTER

I do hereby appreciate your donation to the above mentioned secondary school.

The School had received about seventy boxes of various books from the Books For Africa through your company. These books will assist our learners, the teachers and the entire community during the learning process. As a school, we anticipate that, this will improve our learners' mastering of English, as an official language thereby improving the school's pass-rate.

Your support should continue from today, tomorrow and forever. We expect more to come.

Thank you in advance

Yours faithfully

Dope N. [Librarian]
